

Welcome, (Company Name) to the infinit WiFi family of networks!

Soon you and your guests will be enjoying a premier wireless networking experience featuring our unique Digital Concierge service.

You will see three (3) new wireless networks for you and your guests to connect to.

infinit Free WiFi

- Free, open and secure
- All visitors and guests should connect to this network
- Digital Concierge service – featured partners appear as users join the network
- All users and their devices are isolated from any other network traffic
- Typical devices: guest/visitor smart phones, tablets, laptops

infinit VIP WiFi

- Free, private and secure
- Protected by a pre-shared key: **infinitvip01!**
- Intended for use only by you and your homeowners; not for guests or visitors
- Connect WiFi-enabled browserless devices that don't require guest-specific login
- Typical devices: Alexa, Apple TV, smart TV, Roku, smart thermostat, smart home controller, gaming system, security system

infinit Staff WiFi

- Free, private and secure
- Protected by a pre-shared key: **infinitstaff01!**
- Intended for use by your staff and visiting contractors; not for guests or visitors
- Allow staff to connect and send service reports (facility cleaned, maintenance complete, service/repair needs) via WiFi without using their personal data plan
- Typical devices: staff/contractor smart phones, tablets, laptops

Thank you for joining the ever-growing family of infinit WiFi networks!

Enjoy your WiFi!
